Hospital Board Election Tuesday

Sample ballots and voting information were sent out last week for the upcoming board of directors election next Tuesday, November 20, for the Grossmont Hospital District.

Candidates are Gilbert Chassy, M.D., Frank Foster, an insurance man, Robert Clodfelter, attorney, Jack C. Atkinson, an El Cajon businessman and the three incumbents, R. Marvin Jackson, Homer Streich and Forace Boyd.

Dr. Chassy and Frank Foster are Lemon Grove residents. Dr. Chassy has offices at 3288 Main Street.

The Grossmont Hospital District covers more than 700 square miles. Fifty one voting places have been designated for the election. Polls will be open 7 a.m. to 7 p.m.

In setting the date for the election for Nov. 20 instead of last Tuesday during the general election of national and state officers, the district was able to save election costs by reducing the number of precincts and precinct election officials, according to Ralph Peterson, board secretary.

School Board Establishes Recreation Commission To Receive Sales Tax Money

The Lemon Grove School Board expressed willingness Tuesday night to set up a Recreation Commission which could accept and administer funds for recreation purposes in Lemon Grove.

They approved petitions to be prepared and circulated by members of the Swimming Pool Association requesting the County Board of Supervisors to make the Commission the official local organization to accept sales tax subventions.

The Swimming Pool Association is made up of representatives of 15 local organizations. The Recreation Commission would be made up of at least one school board member plus an unlimited number of appointed representatives.

Sales tax refund is estimated at $60,000 a year.

The board also accepted a rebid of $22,940 for a maintenance building by Raymond Witwer. Previous bids were beyond the budget for the project. This work will start next week.

Review to be Published One Day Early For Holiday

The REVIEW will be distributed a day early next week. Subscribers will get their paper on Wednesday instead of Thursday.

This will permit it to be read on Thanksgiving Day. Deadines have been advanced a day to accommodate the earlier schedule. News, normally accepted until Tuesday noon will not be accepted later than noon Monday. Clubs and groups please note.

The REVIEW will return to regular schedule the following week.

Sewers to be Started In Spring Valley In Three Weeks

Contracts were awarded Tuesday for the sewer lines and treatment plant of the Spring Valley sewer system according to Warren Barney of the Public Works Department.

Castillo and Thivido of Vista was awarded the sewer line contract for $387,597.

Ted Gregory of Laguna was low bidder for the treatment plant for $291,300. Barney said that work would start in approximately 3 weeks.

$735,00 bond issue had been approved by Spring Valley residents September 27, 1955 after a previous attempt failed. While the two bids total $679,000 there are other expenditures which must be covered. The two bids are for $56,000 less than the bond issue. $28,000 land acquisition costs must be paid; an estimated$21,000 engineering costs and $20,000 future engineering and inspection costs are also to be paid. The board of supervisors indicated they would advance the approximate $13,000 deficit rather than cut down the size of the treatment plant.

Contract signing formalities have been set for November 26. Completion date will be 180 days.

Overpass at 80-Lake Murray Blvd. Bids Opened

Low bidder for the elimination of the grade crossing at Highway 80 and Lake Murray Boulevard was Griffith and Co., according to Jake Dekema, State Division of Highways district engineer.

The improvement is one of a series of steps designed to bring 80 to full freeway standards.

Announcement was made of a dinner for installation of officers for Friday, December 7. Officers are to be elected this week. Installation will be held at Michael's at 7 p.m. Henry Goldy is current president.

Local Appliance Firm Closes Doors

George Crooks, operator of L & G Appliances, 7921 Broadway, has closed his doors.

"Too many local residents shop downtown," he said. "I didn't even have a visit from the local chamber of commerce until I put the liquidation sign on my windows."

Crooks opened the store April 1st but volume never leveled off at high enough level to maintain the store's operation.

"Lemon Grove should incorporate," Crooks said. "That would give something to talk about . . . to advertise," he pointed out.

Meanwhile he has subleased his location to a retail record and hi-fi firm. Crooks, who lives in La Mesa, said he had no immediate plans for the future.

Jobs Available At Local Post Office

Applications are now being taken for Christmas assistants at the Lemon Grove Post Office. Anyone who is over 18 years of age, a resident of Lemon Grove, and is physically fit, may apply. Men are usually employed to help deliver the mail, and ladies work in the office sorting mail. Applications will be accepted until November 30 at the local office.

Chamber of Commerce Election to be Held This Month

Notices for an election for new board members of the Lemon Grove Chamber of Commerce will be mailed out this month, it was decided at the chamber's regular board meeting Tuesday.

Ballots will be opened and new board members will be announced at the regular meeting December 4.

Members who's terms are expiring are: Freeborn Cressy, Dr. Robert Swenson, Bill Nienaber and Ted Skelley. An appointment will be made for the seat formerly occupied by Bud Anderson.

Massachusetts Traffic Lights To be Blinking In February

Traffic lights will be installed at Broadway and Massachusetts and will be in operation by February 23rd according to P. H. Fowler, traffic engineer for the County Road Department.

Fowler said the installation would be in connection with the widening and curbing of Massachusetts between University and Broadway and the entire project would be finished about the same time.

The traffic signal installation will represent an expenditure of $9,800, Fowler said.

Swimming Pool Association To Raise $60,000 Selling Autographed Tile

A plan to sell six thousand personally autographed tiles at $10.00 each to raise $60,000.00 for the swimming pool was announced this week by Frenchy Faucher, president of the L. G. Swimming Pool Association.

Faucher said that a display would be set up in the plaza and interested persons could subscribe at $10 for each tile. The signatures would then be transferred to newly made tile after which the glazing would render the signature permanent.

The tile, he said would go completely around the inside edge of a proposed 60 by 100 foot pool. There would be four rows of tile. No date has been set for the beginning of the tile project.

The Association also agreed to work with the Elementary School Board for formation of a Recreation Commission. Under such an arrangement part of the estimated $60,000 a year sales tax would be made available to the community. It is thought that a bulk of the money would be channelled into a community swimming pool.

San Diego Annexation Talk Scheduled By Men's Club

The City of San Diego will supply the speaker for the Men's Club this week it was announced by Joe Cannizzaro, acting president.

He said that John Dail would be program chairman and the speaker would be Assistant to the City Manager, T. W. Fletcher. Dail is the brother of San Diego's mayor, Charles Dail. Fletcher is scheduled to discuss the advantages Lemon Grove could face under annexation to the City of San Diego. Most of the program will be of a question-answer nature, Fletcher said.

At last week's meeting Luther Hussey who was elected president in absentia, resigned. He said pressure of other activities were too great to permit him to give proper time to presiding the Men's Club. Cannizzaro and Lee Sparks, both are vice presidents, will alternate as president.

Cannizzaro said that the club would go through the educational series of discussions on annexation to San Diego, annexation to La Mesa and incorporation.

Meetings are held each Friday noon at Michael's. All men interested in community civic activities are invited.

THINGS DOIN' & BREWIN'
About Civic Center

By DICK HENDERSON

The usual quiet that descends on the $6,000,000 "pentagon," commonly known as "Civic Center," on each legal holiday that banks don't close up for, since they close every Friday night, some at 9 o'clock and some at 3 p.m. but the civic pentagon closes firmly, all five doors, at 5 p.m. on days preceding a legal holiday, and a sign "building closed" is placed in each door and if one wants to get in one has to sign in and sign out, show his birth certificate and tell his real name.

All this preamble to announce that Tuesday, November 6 was a legal holiday and none of the 4,000 county employees lifted a hand in toil, not even to open a letter with a checkie for taxes. Of course, these employees have to put in time necessary to throw a ballot marked with crosses in the little sack that will be opened by Scott Palmer's hired hands later in the day, but outside of that little chore they can go to El Capitan and catch bass or crappie, or go to the "happy hunting grounds" for pheasants, or take the family on a "picnickie" with ants as guests. The county spends a lot of money each year providing places to go picnicking. If you can't decide where to go, call up the recreation department and ask for a list.

Needless to say, we didn't try to break into the supervisors' offices, after having been warned Monday by the secretaries that there would be no meeting. Met DeGraf Austin in the hall and he said "Wednesday." And so it turned out.

And Wednesday morning! Seemed like every person in the building voted for Ike and Dick. Anyhow, San Diego is normally a Republican stronghold, with few Democrats running for office or being voted for. (I remember 50 years ago when a Democrat was looked down on—D. H.)

Sweetwater Re-Classification

Hearing on proposed re-classification from A-3 (1) to M, of certain property in Sweetwater Valley Section. (Gordon R. Cromer and Garth W. Knepp originally requested reclassification from A-3 (1) to C-2, but later agreed to the suggested reclassification from A-3 (1) to M. The planning commission recommends approval.)

Welfare Matters

The board to determine the liability of responsible relatives of two recipients of aid to needy blind and 66 recipients of old age security.

Director of public welfare recommends that the district attorney be instructed to take appropriate action to obtain completed statements of responsible relatives of five recipients of aid to needy blind and 13 recipients of old age security.

Special District

Re Project No. 76-2442, construction of sewers in Darryl Street, et al., Lemon Grove, 1911 Act; letter from department of public works submitting plans and specifications, map and engineer's estimate of costs. Resolution adopting plans and specifications and assessment map and appointing superintendent of streets. Resolution requesting recommendations from health officer.

Public Works

Letter from DPW submitting and recommending approval of a proposed amendment to the agreement with California Fish and Game Department, relaxing the original requirement for filling and maintaining an established water level in Lindo Lake (Lakeside), by requiring only a water level within the capacity of existing wells and pumps and subject to ability of the irrigation district to supply supplementary water.

Record Turnout Expected For Mother Goose Parade

Governor and Mrs. Goodwin Knight, 20th-Century-Fox Starlet Barbara Rush and Doree Radici, Lemon Grove's contribution to the feminine beauty of the event will be among the attractions at El Cajon's Mother Goose Parade Sunday. Miss Radici was judged third in charm, poise, ability and elegane at a contest of ten finalists. Two El Cajon girls were first and second.

More than 40,000 persons are expected to see the 55 floats based on familiar nursery rhymes.

The parade will start at Marshall and Washington at 2 p.m. and travel west to east on the westbound lane. All traffic will cease at 1:45 according to El Cajon police Sergeant Pressing who is in charge of the traffic for the event.

Sergeant Pressing requested that all Lemon Grove and Spring Valley motorists park on the south side of El Cajon Blvd. This traffic will be fed into Chase Avenue for the trip home.

Stores To Decorate For Xmas Beginning This Month

Lemon Grove merchants will have their places of business decorated for the Christmas season by Monday, November 26th and the decorations will include flood lights and strings of colored lights. Local stores will begin remaining open every night 'till Christmas on and after Monday, December 10th.

Ted Skelley, chairman of the Chamber of Commerce Merchant's Division said that lighting the business two weeks in advance of the late-open hours would dramatize the fact that Lemon Grove's business houses could meet the need of all gift buyers. He said that hundreds of autoists enroute home from work and elsewhere would be reminded of the town's growing business section, if the town has a festive holiday atmosphere, he said.

Some of the merchants are getting together later this week to discuss holiday projects which might focus attention on the community. Several years ago Lemon Grove boasted the "tallest" Christmas tree in the state. Another year Santa Claus was flown into the Grove via helicopter. Christmas promotions in other years included Santa strolling the streets giving lollipops to the children, a reproduction of the Manger, with live animals and a week of evening Christmas Carols.

The Business Women's League decorates the plaza each year. This year the decorations will be up by December 1st, Mr. Jas. Oyler, League president said.

Traffic Council Asks Five Aids For Highway Safety

Due to the great number of traffic fatalities in San Diego County (this area is on top) the San Diego County Traffic Safety Council asks that representatives in the State Legislature initiate, if necessary, and obtain the passage of the legislation required to accomplish the following recommendations:

1—Increase the number of California Highway Patrol officers and cars on the roads in direct enforcement work.

2—Establish an absolute maximum speed limit of state highways.

3—Provide for the use of radar detection of speeders.

4—Provide for the use of chemical tests for intoxication.

5—More definite and realistic penalties for serious traffic offenders, including suspension of licenses for chronic offenders, speeders and drunk drivers, compulsory loss of license for felony drunk driving and impounding of cars driven by operators with suspended licenses.

Governor's Help Asked

It is asked that the governor support the above legislation. Also that he consider the use of emergency measures such as have been used recently by the governors of the states of Washington, Michigan, Missouri, New Mexico and Connecticut.

Sheriff's Help Needed

Also that the board of supervisors of San Diego County direct the sheriff of the county to abandon his present "hands off" policy in traffic matters, to provide his deputies with traffic citation books, and to instruct them to enforce the provisions of the state vehicle code on county roads while in the pursuit of, but no to interfere with, their primary law enforcement duties.

Judges of the Superior and Municipal Courts

1—Arrange the work of municipal courts so that there is one traffic court in the City of San Diego, handling only traffic violation cases under a judge experienced in and sympathetic to the traffic violation problem, in order to permit more time for consideration of aggravated cases, more sure and uniform penalties and better corrective measures.

2—Assess penalties, within the law, which will act as real deter-

LOCAL MAN MUST PAY HALF MILLION IN DIVORCE ACTION

John McClurken, a Lemon Grove contractor, must pay $519,000 and $500 a month until settlement of the award following the granting of a divorce to his wife, Mrs. Marjorie Lee McClurken, 48.

Mrs. McClurken was given possession of 50 acres of Mt. Helix property, a large home and a San Diego apartment owned by the couple will be divided.

McClurken owns the large partly built building on Broadway west of Massachusetts plus considerable other property in that vicinity.

Former L. G. Woman Shot Three Times By Estranged Husband

Mrs. Kathryn Sewell, 40, was three times and critically wounded by her divorced husband, Wilbur Eugene Sewell, 43, Thursday night, November 8th, when she resisted his attempts to force her into his automobile. Four shots were fired, but the third one missed.

Mrs. Sewell was wounded three times by bullets from Sewell's gun, as she ran toward her apartment at 4062 - 36th Street. The couple lived for a considerable time in Lemon Grove at 3872 Massachusetts Avenue.

The couple received a final decree of divorce last August 28. Police records show Sewell once before attempted to shoot Mrs. Sewell and was arrested December 31, 1953, for it. The case never came to trial.

Mrs. Sewell was shot in the hand, thigh and right side of her back. She fled up the outside stairs of the apartment Building while Sewell was shooting at her. Before being taken to Mercy Hospital, Mrs. Sewell described her former husband to police. Mrs. Sewell's two daughters, a son-in-law and a granddaughter were in the apartment and heard the shots. They said they heard Mrs. Sewell scream and opened the door to her. She came in and collapsed on the floor, bleeding from the wounds. "That crazy fool shot me" they quoted her as saying.

Mrs. Sewell, a downtown locker club employe, told police she was walking from the bus to her apartment. At a corner, the man jumped from behind a bush, grabbed her arm, told her to come with him and not to scream.

An all-points bulletin was issued for the arrest of Sewell on a charge of attempt to murder. He gave his occupation as a tool

The Dimmer VIEW

By MAX GOODWIN

To show what a little spit-and-polish will do for a haggard old town, just look at Broadway since the State Division of Highways sprinkled a little hot mix from Massachusetts to Campo on our main stem.

The project is part of a bargain-counter operation by which the state reconveys to the county road system a county road they had been using as State sign route 94 since 1933.

Broadway looks cleaner, smoother, and most important, wider. The county and state call it a resurfacing job to make it sound like a big deal but by any measurement it is a poor-white-trash patch job.

The state got the job done for $19,000 after they had used it for intra and inter-state freight and passenger traffic for 23 long years. That reflects a cost to the state of $820 a year. What a bargain!!

The inch or two of hot mix they put on Broadway covered the weatherbeaten concrete but also emphasized the ugliness of the roadside.

Attention now focuses on battle-scarred utility poles which interfere with vision and safety. It makes some of the buildings which have not been kept in a good state of repair look even sorrier. Weeds grow where sidewalks and curbs should be. However, the clean-looking road surface should encourage some of the property owners to polish up their store fronts.

Ladies have learned that a little covering, face covering, that is, can improve appearances and boost the morale of the face owner. The same thing applies to a town's main street, or any other street for that matter.

Cost is Low

That brings me to the point I wanted to make. It doesn't take a big wad of money to improve the appearance of a town. A splash of paint here and there, a few weeds dug up would help. By pushing the spade a little deeper you have footings for curbs. Some objectionable signs could come down and a utility pole removal project could follow. The county would surface the roadway to the curbs and we'd have the kind of a road that would give us some pride and which would encourage shoping visitors.

Property owners would pay for the improvements and they would reap the financial rewards but we would all share in the beauty of a wide, sweeping main thoroughfare. These financial rewards come on an "either-or-else" basis. There are promoters geared to take advantage of the weaknesses of our business community.

I offer three exhibits in evidence that Broadway must "either" spruce up or "else" suffer the consequences.

Exhibit A is Encanto. At the end nearest Lemon Grove progressive developers have built several attractive new enterprises. They are doing business.

Exhibit B is Lomita Village. Final details of a business development are currently being wrapped up. Narrow streets, and lack of parking are given by the promoters as some of the reasons for believing the hilltop shopping center is feasible. They will do business.

Exhibit C is a letter on file from the original developer of the College Grove Shopping Center. He will have one of the major stores in the project. Says he in the letter "time has been definitely set for the opening . . . September, 1958." He will do business.

The exhibits prove that every property holder along the sweep of Broadway should appoint himself a committee of one to examine his property and consider what, if anything, he should do to protect his investment because every one of the exhibits listed above—and others to come—will take from him a part of the business he is now doing.

Most of what we say here is common knowledge among the business fraternity. New to the thinking will be the fact that a spruce up job needn't be expensive.

New and Novel Items To be Featured At 19th Annual Home Show

The admission-free annual Electric and Home Appliance show opens November 23, the day after Thanksgiving. It will feature the theme "Showcase for Better Living" and will run six days. Opening day the show will open at 6 p.m. The following five days opening hour will be 1 p.m. More than 185,000 persons are expected to attend, according to J. Clark Chamberlain, Show manager and secretary-manager of the Bureau of Home Appliances, which sponsors the Show. It is the 19th Annual showing.

Of the more than 75 exhibitors participating in the Show, many will be showing new products for the first time on the West Coast and some for the first time in the nation. This "Showcase" makes an ideal place to do Christmas shopping under one roof, Chamberlain said.

With electronic cooking really coming into its own, there will be a number of electronic ranges on display this year and they will be demonstrated continually. This Electric and Home Appliance Show will also feature the largest number of kitchens ever exhibited in one place in San Diego, including the four beautiful and at the same time highly utilitarian Westinhouse "Confection Color" kitchens which are on a national tour.

Color television reception will be in full demonstration during the Show, with network telecast programs scheduled to be received throughout its six-day run. High fidelity equipment and complete units or components for "do-it-yourself" assembling, will be represented.

New built-in refrigerators, freezers, ranges, dishwashers, laundry equipment will be on continual demonstration, as will the latest models in many smaller appliances. Highlight of the "Palace of Gas" exhibition room will be the fascinating and intriguing "Burner with a Brain" demonstration.

For the youngsters, the Show will feature a model train and something completely new in the way of an electrical toys exhibit. Santa Claus will also be there in person to welcome the kiddies and hear what they want for Christmas. They and adults alike will marvel at the sun-powered train, airplane, and ship.

Neighbor Gives Warning On Water Works Ditch

Helix Irrigation District work brought a warning to parents from one of the hilltop residents.

Roy Nielsen who lives near the water project said that there was a 60 foot pit adjacent his property and that adventuresome youngsters are playing around it daily. "It's very dangerous for youngsters," he pointed out. "I have warned the parents of the neighborhood youngsters but there have been some strangers playing there recently. It's too dangerous for them," Neilsen concluded.

BAPTIST YOUNG PEOPLE SPONSORING ALL NIGHT PRAYER SERVICE

The young people of the First Church of Lemon Grove are sponsoring an all night prayer service this Saturday evening in behalf of the one week Revival meeting which will begin this Saturday morning and continue through November 25th. The evangelist, Dr. Olie Brown, dean of California Baptist College, Riverside, is an outstanding speaker. The services will be held each evening at 7:15. One of the highlights of the week will be a fish dinner for the men of the chucrh on Tuesday evening prior to the Revival services. Thanksgiving services will be held in the church audiforium on Thursday morning at eleven o'clock.

Bancroft Drive to Get Face Lifting

"What are the surveyors doing on Bancroft Drive?" That question has been asked many times recently.

A spokesman from the county surveyor's office said that Bancroft Drive from Troy Street north to Campo Road (Highway 94) is going to get its face lifted. About every six months or so the street has gone to pot, due to the heavy traffic.

Now the county has decided that the street needs a good solid base, and a thick one at that. They will put in the best material available. Another headache the county will try to eliminate is the S curve near Troy Street.

Actual work on the road will begin after the sewer trunk line is installed. The spokesman said the county more than likely will not have to purchase any easements along the street.

Seven New Bobcats For Pack 315

Lemon Grove and Spring Valley 4-H Clubs Awarded Pins for Projects

Four leaf clovers, (green cardboard with name of the wearer) adorned the waists of feminine members of Lemon Grove (formerly San Miguel) and Spring Valley 4-H Clubs Saturday night at youth center, where the clans gathered.

Parents and brothers and sisters of the members of the clubs were present to see the club members awarded their "achievement pins." These pins are awarded each year by the bankers association in recognition of the work done during the year in rasing livestock and entering their projects at county fair.

Mrs. R. A. Knapp, leader of Lemon Grove 4-H Club, was unable to be present because of illness, but Bob Knapp, her husband, assistant leader, was on hand. Mrs. Cosby, leader of Spring Valley club, officiated and was assisted by ladies whose offspring received awards.

Refreshments, a copius supply of delicious cookies of various offerings by some of the finest cookie makers in the area, with plenty of punch and real coffee, were at the loaded table. This here table was decorated with colorful gourds, Indian (squaw) corn, with rows of different colored kernels hand painted by Mother Nature, and wearing their winter underwear, made an autumn decor. A turkey and a horn of plenty, holding a small punkin (pumpkin to the fastidious) was an added attraction.

A certificate of merit was given to Mrs. Knapp "for getting the most out of your sewing machine." This award from Singer Sewing Machine Co. Evidently Maxine knows her stuff with the needle.

The new charter for Lemon Grove club was presented, with gold seal affixed. Y'see, the club's name, formerly San Miguel, was changed to Lemon Grove to avoid confusion in future.

Mike Cosby was right in there dancing when we arrived about 9:30. (We hadn't had our usual p.m. nap, and having left our virtuous couch at 4 a.m. we fell asleep at supper table and Pearl said "You can't go out tonight" and I said "Gimme an hour's nap. Wake me at 8 o'clock." Pearl agreed, but when I wakened at 8:15 I found her asleep in her chair. Then I had to shave and dress and it was 8:30 when I left for the awarding. Made a wrong turn, went up Palm for a mile and came back, finally found youth center and was welcomed by Mrs. Cosby, had a cuppa coffee and three cookies, all different. Watched he kids dancing rock 'n roll, which didn't seem very exciting. The boys watched their feet, paid no attention to their fair partners, who did a dance of their own. It was fun to watch. Mike Cosby had three different partners. I predict a brilliant future socially for this young man. He's got what it takes. Probably inherits from his Paw, who was doing some dancing on his own hook, though he hung on to his partners. Sure, he danced with his wife, and a fine looking pair they were.

John Lincoln, seven years old, had both hands full of cookies, which he munched while circling the room.

Robert Hadzim danced several numbers, with various partners. Alice Luckas said he was "just a parent."

Mrs. Marjorie Mathewson, member of Spring Valley group, said her chapter had 15 members, all enthusiastic 4-Hers. S. V. got a new charter with a gold seal.

Thirty seals were issued in the county, ten of them gold.

Farm advisors David W. Hinshaw and Robert W. McNulty, with their picture machines, were prominent in making the affair a success. These gentlemen have taken Lemon Grove and Spring Valley Clubs under their guidance, know each member by his or her first name and are available at all times for advice on problems.

Acting for the Bankers in awarding pins to the deserving members, Jack W. Koop, vice president and manager of Lemon Grove branch, First National Trust & Savings Bank, was head man for that period of the evening's entertainment.

The members get a pin each year for their project, and this pin has four branches. Each year brings an additional leaf. The banker's association sponsors the projects, lending money where needed and taking the borrower's notes, which are repaid, each year.

Almost never does a member renege on his payment, and the banker's association's help in financing has been a major factor in encouraging the growth of the 4-H organization. Also, it makes it easier for the young folks to approach a banker when in need of a loan later on. His record of repayment is evidence that he is a good risk.

The awards:

Boy's Agricultural Award, Dennis Tristram.

Leader's Second Year Award, Mrs. R. A. Knapp.

One Year Award, R. A. Knapp, Mrs. Cosby.

Spring Valley 4-H adult volunteer leaders; Mr. and Mrs. Mathewson, one year recognition; Mrs. Ashe, two year recognition.

Throwin' The Bull

By BOB TURNBULL

It's a Joke, Son! . . . Mother (to Helix freshman returning from first day of school): "Did you learn anything today?"

Helix frosh (disgustedly): "Naw, I gotta go back tomorrow."

Altar Arrests! . . . Helix alumna Pat Johnson has happily switched to Mrs. Don Milow. . . . Bob Ley has claimed Helix grad Jean Kerr as his wife-to-stay-forever. . . . Spring Valley's Diane Downing will have a Southern Cal summer wedding with Frank Beale. . . . Lemon Grove's Ralph Bwy is now chowin' down on homeburnt, err, I mean, cooked food of wife June Tomer. . . . Two former Helix songleaders from '55 are either married or engaged. Dale McLagan recently returned from a happy honeymoon with hubby Wayne Wollsey, while Phyllis Ehlers is engaged to another Helix escapee, Jim Smith, who also graduated from Lemon Grove Junior High School.

A simple, ho-hum wedding took place in Lemon Grove last week. The bride, Gertrude Bode, Helix senior, married Lewis Bostwick following an admiral's inspection that slowed down the affair. The district attorney roused the county clerk in the middle of the night at his Masonic meeting. The marriage license bureau was opened three hours after it had closed so the license could be issued while the ceremony waited two and a half hours.

Personals! . . . To MyTi: "As a queenie you look sweet, sharp and sincere." . . . To MiLa, JaMc, PaSa and BoSl: "As queenies attendants you all played the role very nicely." . . . To JeSp and JeGa: "Speed kills." . . . and to MaLy: "Dont' you agree that a suspended flunkie frosh is not a lady?"

Highlandville Gossip . . . At the end of this quarter the office of chief justice will be opened to bidders. . . . The Helix flag corps, pom pon corps and band will (predict) cop the laurels during the November 18 parade sponsored by Mother Goose and Company. . . . The Helix Republicans slaughtered the Helix Democrats in a mock election by four to one. . . . Highlandville's choral director, Bob Rue, represents the San Diego County area on the Music Conference board. . . . Congrats to Lemon Grove's Doree Radici who placed third in the Cinderella Princess contest of the Goose affair. . . . Helix received a special trophy by the Ford Motor Company in the Industrial Arts department. Joe Kottke, Spring Valley, won first prize in ceramics with a stoneware bowl. Five other Highlanders received high recognition. . . . and congrats to senior all-Metro end Pat Brown who was the Union's choice for Prep Player of the Week in last week's tumble of El Cajon.

ST. PHILIP'S CHURCH CHRISTMAS GIFT FAIR READIED

Mrs. Alvin Pope and Mrs. Russel Ray show some of the items to be sold Saturday, November 17 at the church during the St. Philip's Church's Christmas gift sale. —L. G. Camera Foto

Something entirely new in the way of Christmas ornaments will be offered at the Christmas Gift Fair to be held Nov. 17 at St. Philip's Episcopal Church, Palm at Hardy, under the auspices of the Woman's Auxiliary. Of special interest are the sparkling eggshells, each with a different design in the center, created by Mrs. John Emerick, who is chairman of the event. Her twin sister, Mrs. Charles Edens, is president of the auxiliary.

Many delightful and original gifts and ornaments have been prepared, including Christmas baked goods, toys, aprons, candles, etc. A snack bar will be open during the day and the fair itself will be held from 10 a.m. until 10 in the evening. The public is invited, and there will be no admission charge.

Everything shown will be fresh and new. Among the women of St. Philip's who will assist are Mrs. Cora Anderson and Mrs. Fred Roulo, snack bar; Mrs. T. F. Nutter, baked goods; Mrs. Elizabeth Reed and Mrs. Alvin Pope, aprons; Mrs. Donald Burnworth, stuffed toys; Miss Marjorie Jackson, Christmas ornaments; Mrs. B. Robinson, jellies and ornamental cookie cans, and Mrs. Milton L. Wright, candles and corsages. Others who will assist include Mmes. W. J. Fletcher, J. S. Dreher, B. C. Hesser, A. B. McTear, Claude Browning, R. E. Gibson, R. Grabowsky, Ralph Elliott, Maud Driscoll, Miss Virginia Foulke, Mrs. John Gregory, Mrs. Maud Ruffee, and Mrs. Russel Ray.

Don Peterson made the posters.

Reports Given High School Advisory Committee on Mentally Retarded Students

Citizens' Advisory Committee members in the Grossmont U. H. S. District heard reports Wednesday evening on the programs for gifted students and for mentally retarded students of the three high schools operated by the district. John T. Warburton, Grossmont principal, spoke of the program being developed in each school for students who can do more work than the average, and Mrs. Ruth Pistoia of the El Cajon Valley High School faculty outlined the district's efforts to comply with the state law requiring special classes for the mentally handicapped.

Mr. Warburton described special classes for college bound students, with emphasis on rapid reading, more work, more advanced work, and higher standards of achievement. The program depends upon a careful testing program to find out which students should be doing the heavier work.

Mrs. Pistoia, new to the faculty this year and experienced in work with mentally handicapped, described recent California legislation which makes compulsory special classes for them. Seventy-five per cent of the cost for these pupils is borne by the state.

Also at the CAC Wednesday meeting, committees for the year were discussed with the following being suggested:

District organization, legislation and finance, membership, junior college, and counseling.

The next general meeting will be the first Wednesday in December.

TUCSON, Arizona—Police arrested Faqustino Vargas, 33, when they found a large Holstein cow in his kitchen. Police booked him for intoxication and disturbing the peace. They milked the cow before taking the critter to the pound.

60 Helix Students Try for State Scholarships

Sixty Helix High seniors in the upper five per cent of the senior class recently took the California State Scholarship Aptitude test. This is the most students to have ever taken this test in the history of Helix, according to Wilmer A. Brobst, senior student counselor.

The scholarship will pay the tuition and necessary fees to a maximum of $600 for the academic year 1957-58, and may be used at any college or university in California, accredited by the Western College Association, for undergraduate study.

The second qualifying test will be given on December 1.

Hunters Praised By Forest Supervisor

Not one forest fire was started this season by careless hunters, Walter J. Puhn, superivsor of Cleveland National Forest, said this week.

Puhn said this was an excellent record considering the long dry period. It is estimated that about 20,000 hunters were in the Descanso-Laguna area during the five-week season. Citations were issued to eight men for violation of the fire closure and one hunter was fined for leaving a gate open which allowed range cattle to stray.

"No Hunting or Trespassing" signs were sold out at three stores where we tried to buy a couple, and four stores in La Mesa and Lemon Grove were sold out of red bandanas. "Too many demands from hunters," the clerks said.—D. H.

Beware of Young Rattlesnakes in Hills and Dales

Hunters and hill-roamers are warned to beware the young rattlesnakes. It is well to watch carefully underfoot. Five have been reported the past week, in two different areas, all of the red variety and from 12 to 16 inches long. Four were destroyed and one got away in the brush.

The young snakes are born in the late summer and early fall, fully equipped to defend themselves at once. One resident reports finding young ones, not much bigger than a pencil, snuggled down in leaf mold for the winter.

Keep a wary eye out when walking beyond your doorstep, and be especially careful where you put your feet when tramping the sunlit hills.—D. H.

Six Months Extension Granted Eucalyptus Hills Zoning

Proof that in union there is strength was evidenced at Wednesday's meeting of board of supervisors, when Supervisor Dean Howell, whose fifth district includes Lakeside, asked for an extension of the zoning plan for six months.

At a recent meeting of the board a delegation of Lakeside citizens filled the seats in the audience chamber and lined the walls with standees.

None of these attending were in favor of the plan outlined by Dr. Miller, and only three hands were raised when those in favor so signified.

It is hoped that both sides of the controversy will be able to agree in the six-months interim.

The board instructed the county road department to work with the Grossmont Union High School trustees in solving road and traffic problems which will develop with the opening of Mt. Miguel High School next September.—D. H.

Grossmont High Alumni to Celebrate Homecoming

Grossmont High School alumni are receiving invitations to the school's thirty-sixth annual homecoming celebration being held on November 16.

A noon band concert in the quad will be a feature of the open-campus activities that have been planned for the day, with assemblies beginning at 2 p.m. and continuing through the day. Speeches will be given by Gilbert Ray, M. S. Johnson, and Pat Brooks, each speaking for the classes of 1928, 1938 and 1948 respectively, which are being especially honored during this homecoming assembly and football game at Aztec Bowl at 8 p.m. against El Cajon Valley High School.

Tom Johnson, ASB president for the 1955-'56 school year, will be present to participate in activities; a queen is being selected; and facilities for registration will be provided. Members of the Girls' League will baby sit.

3600 Birds to Be Freed Near Lakeside

State Department of Fish and Game announces that 3600 pheasants will be released between Nov. 17 and 25 in the cooperative hunting area near Lakeside.

A total of 21,100 birds has been allocated to specified areas in Southern California. These are all open, free to public hunting. The state will release 17,350 of these birds and the remaining 3750 will be released by sportsmen's groups.

The Lakeside cooperative will be able to handle a limit of 400 hunters at a time. The state body points out that since Lakeside cooperative area will be restocked daily with pheasants, there is no advantage to the hunter to buck the long lines of hunters anticipated on the opening weekend.

Hunters are reminded that the limit at Lakeside cooperative is a pheasant bag of two birds of either sex per day, with an overall season limit of not more than ten birds.

Incidental information:

Pheasants were imported from China by U. S. officials about 1875. My father, J. J. Henderson, was U. S. Consul at Amoy at that time. Having been raised in Oregon (on a farm near Eugene—my grandfather, Rev. J. H. D. Henderson, crossed the plains in 1852 in an ox team, and was the first congressman from the Eugene district—about 1865—my Dad got the idea that Chinese pheasants would thrive in Oregon. He suggested it to U. S. Minister to China Denny, also an Oregon man, and Minister Denny put it over. In Oregon to this day "Denny pheasants" are referred to occasionally.

Importation and transplanting of pheasants in San Diego County is a recent development. More than 50 years ago my Dad loosed a pair at his ranch nine miles above Lakeside, on the S. D. River, but competition among hunters was too great, and no increase in birds resulted until the State Fish and Game took over.—D. H.

Turnbull Named To Head Helix Alumni Association Again

Election of officers was the main order of business at the first general meeting of the Helix High School Alumni Association, held November 8 in the little theatre, Helix High School.

Re-elected alumni president was Bob Turnbull, 3251 Kempf St., Lemon Grove. Serving as his secretary is Dawn Ward, 8155 Baldwin Ave., Lemon Grove. Other new officers are Terry Manning, vice president and Sid Nash as treasurer.

Class representatives are Sylvia Borneman Murray, '53; Betty Hernandez Richardson, '54; Bob Bourke, '55 and Bobbi Harman, '56. Representative of '52 will be chosen at a later date.

An officers' meeting will be held in the near future to decide on alumni activities for the remainder of the year.

LOMITA VILLAGE PTA MEETING TO BE HELD TUESDAY

The next P. T. A. meeting of the John J. Audubon school in Lomita Village will be held at 2 p.m. Tuesday. A demonstration will be given by the teachers of various subjects including reading, arithmetic, and social studies.

Chairman of the flowers, room representatives, and birthday committees will be also featured. Fifth grade mothers will be hostesses for this afternoon meeting.

Y.M.C.A. Indians Invade Lemon Grove-Spring Valley Area

Over 150 Big and Little Braves of the County Y.M.C.A. 'Y' Indian Guide Program are active in the Spring Valley - Lemon Grove area.

The 'Y' Indian Guide program starts with boys in the first grade and centers around Indian lore, games, stories, and crafts. It is strictly a father-son program which requires father to attend all meetings with the boy; thus the slogan "pals forever."

These new tribes have been formed recently, Paiutes at Spring Valley School with Geo. Ribley the Chief; Shawnee at Casa de Ora with John Peace as Chief; and at San Miguel, Chief Dewey Franklin's tribe has been named the Apaches.

Monday, November 19, all "big braves" will meet at Spring Valley School at 7:30 p.m. to organize a Lemon Grove - Spring Valley Nation. It is the purpose of the nation to provide training and program helps to the member tribes. There will be nine tribes represented in the nation.

'Model Meeting' Set By Sorority

Gamma Chapter of Epsilon Sigma Alpha Sorority will hold their annual "Model Meeting" on Thursday evening at the home of Mrs. Ralph Mazella at 3718 Milne Street. The rushees will be present at this meeting in order to understand the conducting of a regular business meeting. Co-hostess with Mrs. Mazella will be Mrs. Leroy Jorgensen.

Mrs. Richard Grabowsky of Spring Valley will present her educational report, titled "Balboa Park, Yesterday and Today." The educational theme of Gamma Chapter this year is "San Diego, Yesterday, Today, and Tomorrow." Attending from this area will be Mrs. Stuart Nelson of Casa de Oro and Mrs. George Mueller of Lemon Grove.

Another rush party is scheduled for Sunday, November 18 at the home of Mrs. Alvin Bennett of 4740 Orten Street.

ASB APPOINTMENT GOES TO GROVE GIRL

Donna Berger was appointed chief justice to fill a vacancy in the Helix High School ASB commission created when Mr. Paul Preiss moved, according to Bob Jenney, ASB president.

Sally Jo Lynch, of La Mesa, has been appointed to serve as the Senior Class vice-president, succeeding Marilyn Gudmundson.

"SOUL AND BODY" CHRISTIAN SCIENCE TOPIC

Christian Science Churches will have as their Lesson-Sermon text on Sunday, "Soul and Body."

Luke's Gospel relates the healing of "a woman which had a spirit of infirmity eighteen years, and was bowed together, and could no wise lift up herself." The account reads, "And when Jesus saw her, he called her to him, and said unto her, Woman, thou are loosed from thine infirmity. And he laid his hands on her: and immediately she was made straight, and glorified God" (13:11-13).

Mangano Plans New Buildings On Broadway

A new, modern three store building is underway on Broadway opposite the point where Grove Street intersects it.

The building is between the new postoffice and Hoss Refrigeration. Builder is Ted Mangano, co-owner, of the McGuire and Mangano Furniture Co. at 7975 Broadway.

Mangano said the stores were being constructed by Eddie DeFlavio. Two of the stores would be 16½ feet wide, the other is to be 20. All are 80 feet long and will be complete units including heating and ventilating systems.

Mangano said that he will resurface the privately owned road alongside the new building and dedicate it to public use. He said that the block is so long that he would contribute the land as a civic gesture. He will attempt to get the road finished so that postal patrons may have use of it for the holiday rush. The building is scheduled for completion in March.

Mangano came to Lemon Grove in 1932 and entered business here in 1938. He recently returned from a trip to Europe.

BOB TURNBULL, HELIX GRAD, PLAYS ROLE AT OLD GLOBE

To play campus athlete, "Al"—Bob Turnbull, Helix High School graduate, has a major character role of "Al" in "Tea and Sympathy" which opened Tuesday at the Globe Theatre, Balboa Park.

Bob Turnbull, 19, Helix High School graduate of 1954 and present Bulletin and Review teenage editor, is playing the part of "Al" in "Tea and Sympathy" which opened Tuesday night at the Old Globe Theatre, Balboa Park. Al is one of the featured characters in this tense Broadway romantic drama being staged every night except Monday for a month.

Bob is the son of Dr. and Mrs. Lloyd S. Adams, 3251 Kempf St., Lemon Grove. Both his mother and dad are optometrists in San Diego. Bob's father, same name, is on the production staff of Charlie McCarthy and Edgar Bergen's tv quiz show, "Do You Trust Your Wife?"

A 1954 graduate of Helix where he majored in journalism, speech and track, Bob was president of the Lemon Grove Hi-Y club for one and a half years, also a member of De Molay and Key Club.

Following graduation he entered San Diego Junior College where he held such offices as commissioner of publicity, commissioner of public relations, student body president in the fall of '55 and prexy of his fraternity, Kappa Phi Alpha. Just last week Bob was re-elected president of the Helix Alumni Association.

"Tea and Sympathy" is being given by the San Diego Community Theatre and directed by Craig Noel. In the play John Valva is "Tom," the young man suspected of being "off-horse" in this boy's prep school; Nan Adams portrays the warm housemaster's wife, "Laura Reynolds"; Don Wilbanks is the angered housemaster, "Bill Reynolds"; Eleanor Rose is "Lilly," the gay, middle-aged woman; H. HIGHWAY SAFETY

(Continued)

rents to the traffic violator, particularly the repeater, the drunken driver and the driver, who in his driving shows no decent regard for the law or the safety of his fellow citizens, remembering that without sure and adequate penalties the work of the enforcement officer on the road is useless.

'Suburban' Lemon Grove Precinct is First to Report in Election Roundup

As y'all may have read in other papers, or heard over the "raddio" or seen scenes on tv, we had an election of importance to the whole world last week. You also know how things political turned out.

Lemon Grove got into the picture before 8 a.m. Tuesday, when the county's smallest precinct, Lemon Grove 1A, with only 12 registered voters, chalked up a "heavy vote." Eight of the 12 registered voters cast their ballots before 8 o'clock, according to Leo Demers, precinct inspector.

The precinct is located at Federal Boulevard and Euclid Avenue, in Demers' home. "Lemon Grove 1A is too far away for consolidation with another precinct besides having an exclusive bunch of voters."

A record numerical vote was piled up in the county. Complete returns showed 288,492 persons voted, the previous high vote cast being 281,463 in '52. More than 9,000 absentee votes were yet to be counted, and the grand total may top 300,000. Election officials predicted a final percentage vote of 82 to 85.

The lone Democratic candidate, Sheridan Hegland, who aspired to re-election to the 77th Assembly District, was successful. Some voters changed to Hegland when they learned of his spunky fight against the State Highway Commission and their arbitrary attitude. Out of the entire body in the lower house of the legislature, Hegland was the only assemblyman with the guts to introduce a bill curbing the commission's power to confiscate real property and property rights.

Representative James B. Utt, (R-Santa Ana), was almost a 2 to 1 winner over Democrat Gordon Shepard of Garden Grove in San Diego County voting in the 28th Congressional District, which embraces part of San Diego County and all of Orange County. Utt has been Lemon Grove's congressman for one term and evidently is satisfactory to the voters hereabouts.

The county supervisors' salary proposal, which would permit county elective officers to get pay raises during their terms of office, was defeated.

"Vote NO on Proposition 4" caught the voters' right eyes, as it was defeated 4 to 1. That was the proposition about oil conservation.

Favored by local voters were Proposition 1, veterans' loans; Proposition 2, state school bonds, and Proposition 3, state construction bonds.

Local vote was against Proposition 5, and against Proposition 6 for tax exemption of church parking lots, but the state approved the measures.

A majority of voters went to the polls in the forenoon and the usual 7 o'clock p.m. rush was noticeably absent.

Schools Over-Ride Tax Levy Carries

The over-ride tax levy asked by the La Mesa-Spring Valley School District ($1.30 to $1.70) received a big majority at the election. Some 17,972 votes were cast, with 11,384 voting Yes and 6,698 in the No group.

Hegland Wins in Assembly Race

In the race for the assembly, 77th District, Sheridan Hegland had received 40,845 votes to Shearer's 37,527. That report came from the county registrar's office last Friday at noon. A breakdown of precinct by precinct will be available at a later date on request.

LIGHTNING DOES REPEAT

EDMOND, Okla.—That old saying that lighting never strikes twice in the same place has no meaning for Vernon L. Beechman, local fireman. Beechman rushed to the scene when lightning hit a house and set it afire. By the time he arrived, rain had extinguished the blaze. While Beechman and another fireman were on the roof, patching a hole, lightning struck Beechman, bounced off his fire helmet and ran down his side. Shaken but unhurt, he was admitted to a hospital for observation.

IT'S UP TO YOU

By
Howard E. Kershner, L.H.D.

WE agree with those who say we ought to put on sackcloth and ashes and apologize to the world for the bombing of Hiroshima and Nagasaki. There was little excuse for this inhuman butchery. The same is true of obliteration bombing in Germany where hundreds of thousands of innocent women and children lost their lives. Two thousand big planes dropped phosphorous bombs on Dresden the day after Yalta. For such action there is no excuse.

But those who most vociferously condemn them are careful not to point out that these dreadful crimes against humanity were brought about by the influence exercised by those who were following the communist line.

It was Communist Russia's desire to destroy Japan and Germany. Highly placed men in Washington promoted that policy so successfully that these inhuman bombings were authorized, the war unnecessarily prolonged and made more savage and ruthless than it need to have been.

Communist Russia wanted Germany destroyed in the West and Japan in the East. This was a part of her policy to make post-war conquest of the world easier. Far too many Americans in high places and low places fell into this trap and aided Communist Russia in her plans for world conquest.

Highway Patrolman's Injuries Prove Serious

Injuries sustained by Jared Homesley, California Highway patrolman who was injured in an accident two weeks, ago, proved more serious than at first reported. He has been confined in Grossmont Hospital and last week underwent surgery for multiple fractures of the left leg.

Homesley's troubles were increased with the prospect of rain wetting his hay crop. He had been planning to build a shed to store the hay in, but his injuries prevented, so several good friends, including Grant Hall and members of El Cajon Police Department, went to his aid.

When the rain of last week hit, the hay was still in shocks in the field, and some was spoiled. The friends got together promptly. The Hall Co. contributed lumber and other material—about $100—and lent a 20-ton fork lift. The police lent muscle and man power.

Surely, a friend in need is a friend indeed.

We wonder if the autoist who failed to turn to the right and stop for the siren and red lights got a ticket?—D. H.

WOMAN SHOT THREE TIMES

(Continued)

and die maker when arrested in 1953, police said.

SEWELL TRIED BY JURY OCTOBER 24, 1956.

Here are notes taken from Docket at Homeland Justice Court.

At approximately 3:10 p.m. on August 13, 1956, Sewell was placed under Citizen's Arrest by Mrs. W. D. Stephenson, El Cajon, who is a close friend of Mrs. Sewell's and was visiting her at the time. Sewell was taken into custody by Sheriff's deputies Bartlett and Boering at 3:40 p.m.

Officers' report showed "Drunk - Breath alcoholic, staggered. Attitude, argumentative. "I was not hurting anyone, just sitting in my car. You boys better get used to me, 'cause I'm going back and get the S O B (spelled out), that called the Sheriff and I'm going to give you boys a lot of trouble". These are quoted from arresting officers report, as having been made by Sewell.

A charge of violation of Sec. 502, (Drunk Driving) was placed on the blotter, the evidence, an empty pint flask of Old Taylor and four empty cans of East Side beer. The empty flask was found in front of the house at 3872 Massachusetts where Sewell had supposedly thrown it at Mrs. Sewell.

Mrs. Stephenson mentioned above, told officers "He should be put in jail for a long time. He has been holding Mrs. Sewell here by force, with complete disregard of restraining order. He grabbed me by the arm and threw me out the door, then struck my son Jack, 16, in the face."

There were more statements by witnesses on this report. Sewell's trial on the 502 charge was held in Homeland Justice Court, October 24. A n o ther charge on Sec. 242 brought a $50.00 fine and 30 days suspended. The 502 charge brought a fine of $158.00 and 30 days suspended. Found NOT GUILTY on Sec. 417.

At last report, Mrs. Sewell is making good progress towards recovery from the wound in her back, which fractured the shoulder blade.

LETTERS TO THE EDITOR

Dear Editor:

You will be my friend for life. Your column on equal rights between men and women in last week's paper is, to my estimation, the best piece of good thinking than has come to my attention in a long time.

Keep up the good work.

Chet Holcomb

DEAR EDITOR:

In regard to the article in your paper, 10-25-56 "Mice Will Play" in which you refer lightly (I'd call it a slur) of our hillbilly land. We good people of Tennessee want you all to know we resent you insinuating hillbilly artists are our only asset. Hillbilly artists we have for sure, some of whom we are very proud. But we would have you all know Tennessee produces many other fine things, such as: Elvis Presley, Tenessee hams, hickory smoked sausage, turnip greens, Estes Kefauver and others.

About all I know of you-all in California is what I see on "Dragnet," as we hillbilly folks don't get far from home. We like it here with all the rain, sleet, snow, leaf rakin', fly swattin, chigger scratchin', including bursitis, and all the other iteses.

Some Californians seemingly like it here, for instance: actress Natalie (Woo-Woo) Wood, who is now visiting (Pant-Pant Presley). In fact she likes it so well she is staying a week longer than originally scheduled.

One other thing! I failed to receive the edition of your paper the week your wife was visiting here in Tennessee. Could it be that some shady episode (involving a married man with 2 little children, whose wife was away visiting her hillbilly relatives) had slipped through you and you were exposed in your own paper? Could it?

I will deduct the issue I missed from the next check I send for my subscription.

Your wife's hillbilly cousin,
Alva Clark, 1401 Montgomery Ave., Nashville, Tenn.

If Elvis taught you Tennesseans to write, why didn't he revive the fine ole Volunteer state custom of multiple voting so as to get Kefauver into the White House.
